If you do the header correctly, it could correct the issues you could not fix when screen size changes. Compare the screenshots below of my website and one of the website I gave you in previous slide. They are completely different: my website looks very disgusting and terrible, but the other is perfect, even when screen size changes. I want something like this please!!!!!!!!!!!!

ABOUT US

Elite Reviser is an American proofreading and editing company that is owned and managed by academic. Quality, speed, and affordability are central to all the services we offer our clients. No matter what your needs are, we are well-equipped for them. We offer services for the needs of academic, businesses, non-English speakers, professionals, students, and prolific writers. In addition to proofreading and editing, we specialize in building curriculum vitae (CV) and resume from the scratch.

Our proofreaders and editors are qualified, experienced individuals from various academic backgrounds, who always go the extra mile to put smiles on the faces of our clients. We would like to see you join the growing list of our satisfied clients. Tell us how we may better serve you.

Please you can remove the pattern here. I don't like this pattern.

Also, make this list into one column; do not divide them into two columns. Thanks!
